TROPICO INTER-URBAN SENTINEL

(Established 1910)

Published every Thursday at Tropico, California, and devoted to the best interests and future welfare of the most healthful city in the San Fernando Valley. Come and see for yourself.

Gertrude Gibbs .. Editor and Owner
Edith A. Cross .... Associate Editor
Telephone: Glendale 1500.

"Entered as second-class matter May 23, 1916, at the postoffice at Los Angeles, Cal., under the Act of arch 3, 1879."

OFFICIAL PAPER OF THE CITY
Subscription, $1.00 per year.

Ex-President Roosevelt advocates that imemdiate steps be taken to limit the amount of grain to be used for brewing and distilling of liquors and also the conscription of men by the government for the tilling of the soil in case of food shortage. Said he in the course of a recent address: "There should be universal obligatory service outside the army. Every man and woman without respect to age should have his or her activities utilized in the most efficient way."

FREE WATER LEGALIZED

The Sentinel has received from the State Railroad Commission the text of an order which it issued April 28th at the solicitation of the State College of Agriculture, and various water companies and other organizations which provides as a war emergency measure that all water utilities may deliver their surplus water free or at reduced rates, for additional irrigation during the emergency created by the war; that the land owners and irrigators desiring such service shall first sign a stipulation agreeing that they will never claim such delivery has amounted to a dedication or has in any way prejudiced the legal rights of the water utility; that within thirty days after such delivery of water has been initiated, the water utility must report to the Railroad Commission the name of the irrigator, the amount of the water applied for, the land on which the water is to be used, the crop or crops to be planted and terms and conditions including the rate, if any, under which the water is to be delivered by the water utility.

THE ANNEXATION BANQUO

A few days ago the Sentinel was informed by a business man of Glendale who is friendly to Tropico and ready to promote her interests, that another campaign had been started by the

GLENDALE CHAMBER of COMMERCE

to get signers in Tropico to a petition to annex to the Jewel City.

"Why," the informant was asked, "does Glendale continue to follow up Tropico on this proposition?"

"Because," he declared, "**she wants to handle Tropico's taxes and to secure an outlet for a sewer system.**"

"Would we secure better, more capable city trustees than we now have by making such a change?" he then was asked.

"No," was his prompt reply.

"Would the tax upon Tropico citizens for municipal government be less than at present?" was the next question.

"No,' he declared again, "**because Glendale's city government is conducted on a much more expensive plan than Tropico's.**"

"Can you see any material advantage to Tropico in annexation?" was the next query.

"**None whatever,**" was his response.

CLEAN UP!!

Let no resident of Tropico overlook the fact that May 5th and 7th have been designated by the City Trustees as Clean Up Days when the parkways, vacant lots and yards must be cleaned of weeds and rubbish. Every citizen knows it will cost less to have the properties he owns cleaned under his own supervision than to have the city hire some one to do it and assess the cost against him. Also, it is more public spirited to do this work voluntarily than to be forced into doing it. In its best estate Tropico is a beautiful little city. Let's keep it so and all work together for its improvement.

Full directions and instructions for the cleaning up have been sent out by Health Officer Mabry in the form of a poster which is being left at every home.

Many a girl who knows that she is too good to wash dishes thinks her mother isn't.—Chicago News.

SCHOOL ELECTION

The election to fill the vacancy on the Board of School Trustees which took place Friday afternoon from 2:30 to 7 o'clock, developed into a very spirited contest. Usually the vote does not exceed 25. This time it ran to 495 and the successful candidate, Mr. Hibben won by only 15 votes, the ballots totaling 440 for Mr. Oliver against 455 for Mr. Hibben. The issues on which partisans divided were considerably mixed and voters found it very hard to choose, as the men are about equally esteemed in the community and both are regarded as entirely competent and trustworthy. The competition spurred the campaign committees to great exertions and automobiles kept the roads hot bringing voters to the polls at the rate of about 100 an hour. At times the narrow street in front of the school house was almost blocked with the traffic, while groups of people loitered on the sidewalks and gossiped about the probably outcome.

The Board will meet for reorganization next Saturday evening, May 5th, at the Cerritos school at 7:30 o'clock.

MAY DAY AT ACACIA SCHOOL

May first was a big day at the Acacia school. A May Day program began at 11 o'clock when the May Queen, little Mabel Melrose, was crowned, with an accompaniment of May Day songs and a sun dance. From 12 to 1:30 there was a picnic of the mothers and children on the new tennis court to celebrate its completion. After that the Mother's Club assembled in the school house and enjoyed a brief musical program of which Mrs. Jonas furnished two piano numbers. Donald Jonas and Hattie Hyer played a duet, while Stanley and Mary Ballentyne and Katherine Maloney gave a six-hand piano number. The program was followed by the nomination and election of officers for the ensuing year.

Frank Balthis, winner of the recent oratorical contest at Union High, a member of the Sophomore class, goes to Pasadena Friday evening, May 4th, to represent his school in the Suburban League contest. The winners there will compete for the Southern California Championship. A bunch of Union High students will go to Pasadena on trucks and root for their favorite, on whom they have built great hopes.

WEDDING DANCE

Mr. and Mrs. Morris Cook of 219 Brand Boulevard, were host and hostess at one of the smartest, most delightful functions which have ever been given in Tropico. It took place Saturday evening at the Keller Dancing School and was a wedding recepiton and dance for Mr. and Mrs. Joseph Keeler Reed, who have just returned from their honeymoon trip. Mr. Reed is an old and valued friend of the Cooks who chose this delightful way of welcoming his bride and giving his friends in Tropico and Los Angeles an opportunity to know her. Mrs. Reed was Miss Maude P. Miller, a charming maid from Philadelphia who with her mother has been spending the winter in Los Angeles where she is a member of several social clubs and has won a large circle of friends.

An elaborate scheme of floral decoration transformed the pretty ballroom into a bower of green and white. An immense marriage bell composed of asparagus plumosus and white bride roses centered the ceiling, its clapper (an electric bulb) ambushed in greenery. Radiating from the bell and flat against the dark ceiling background were long strands of La Marck roses, covering the entire surface. Electric bulbs on the side walls were bowered in green and white syringa, and green and white bamboo punctured with snowballs, filled the fireplace. Everywhere were gleaming white candles to illuminate the fairy setting.

Very handsome and happy the young couple looked as they stood beneath the lovely bell to receive the congratulations of their friends, Mrs. Reed wearing a very handsome gown of white point lace over pink satin, which enhanced her dark southern beauty.

Specialties contributed by the talented guests varied the general dance program and added a Bohemian note to the pleasure of the evening. Two fine professional musicians had been engaged but Lieutenant Arthur Wills of Los Angeles who sang several gay eccentric songs to his own piano accompaniment, made the professionals yield their place to him while he furnished the spirited music for some of the dances. Mr. Walter Randall, a fine piccolo and flute player, accompanied the musicians a good share of the time, his infectious laugh

contributing in no small degree to the gaity of the occasion.

Mrs. Pearl Keller and Mr. John Dewar danced the Brazilian Polka to enthusiastic applause. Little Doris Cook, very dainty in pink silk net and carrying a big bunch of Cecil Bruner roses did two fancy dances and then, with John Dewar for a partner gave an exhibition fox trot which called forth thunderous applause.

The groom, not to be behind his guests, gave several clever impersonations, one of Richard Carl, the comedian, and one of a German band. master.

Mr. Jack McKittrick cleverly interpreted some of the newest popular songs.

About midnight a delicious buffet supper was served in the dining room where baby Cecil Bruner and American Beauty roses were employed in the carrying out of a pink and green color scheme, more candles in pink shades lighting the pretty scene. The piece de resistance of the feast was an immense bride's cake of angel food made by Mrs. Cook herself and containing the customary surprises. Miss Thompson of Los Angeles was the fortunate recipient of the piece containing the wedding ring. Pink and white snappers containing pretty novelties constituted the favors.

Every guest pronounced it a beautiful party, and the Tropico friends of Mr. and Mrs. Reed hope to persuade them to locate here when they are ready to make a home.

Following is a list of Tropico guests: Mrs. Pearl Keller, Mr. Jack McKittrick, Mr. and Mrs. Leigh Bancroft, Mrs. A. L. Bancroft, Mr. John Dewar, Mr. and Mrs. Stuart M. Street, Mr. and Mrs. Leonard Wright, Mrs. John Seaman, Mr. James Scott, Miss Nellie Scott.

Guests from Los Angeles were: Miss Frances Ackley, Mr. Sam Garroway, Miss Leola Bren, Mr. Ed Wolfington, Mr. Gordon Douglas Wills, Miss Vernita McCollough, Lient. Arthur Will, Mrs. Leila Jenks, Mr. Vernon McCollough, Miss Irene Thompson, Mr. Thos. Duncan, Miss Loretta Hosler, Mr. and Mrs. Jos. Harris, Mrs. Catherine Clark, Mr. and Mrs. Wm. Crowley, Mr. and Mrs. H. S. Duncan, Mrs. Hugh Blair McKean, Mr. and Mrs. Jos. Keeler Reed, Mr. and Mrs. Walter Lutts, Mr. Brown and Mr. Ralph Newcomb.

WANTED

Good old fashioned recipes for drying fruits and vegetables or for preserves suitable for paper retainers are being sought by the Los Angeles Chamber of Commerce in its food conservation campaign. Doubtless many readers of the Sentinel could furnish these. If they will send them to the Sentinel it will help the good cause along by showing methods of doing without canned food in this shortage of tin and glass.

CLASSIFIED COLUMN

FOR RENT—Four room house; Also three room furnished house, bath hot water and cellar, water paid. J. B. Normart, 143 North San Fernando Boulevard.

WANTED—Housework, cleaning, etc., by the day or hour. Mrs. Norton, Tropico avenue and South San Fernando Boulevard. Tel. Black 77.

KALOMITE, what is it? A new preparation to lighten the work of laundering which does not fade or rot garments. Tel. Gl. 505-J.

LOCAL HAPPENINGS

The Pythian's Sisters dance comes off Friday evening of the present week at K. P. Hall on Brand Boulevard. Busch's orchestra will furnish the music.

Round Table girls met last Friday evening at the home of Blanche Shea on Brand Boulevard. They enjoyed a week end house party at Venice last Sunday.

The first establishment to announce half holidays on Saturday in Tropico is the Tropico Feed & Fuel Company which will close at noon on that day.

A congregation which filled the gospel tent about two-thirds full, patronized the revival services Monday evening. Mr. Clarke, the preacher, is an energetic, enthusiastic, lively young man physically and mentally and held the attention of his audience. His religious argument was simple and its application direct.

Mrs. Paul Harrison Sloan of Los Angeles, aunt of Mrs. Eustace B. Moore of Blanche avenue, gave a reading at the Presbyterian church of Glendale Tuesday evening, assisted by a Los Angeles singer. It was a benefit for the Campfire Girls of that city and drew an excellent audience.

Little Merna and Merle Keller were included in the group of artists who furnished the elaborate program arranged for the annual fiesta of Council No. 621 Knights of Columbus in Los Angeles April 23rd to 28th. The children were booked as "The Two Tiny Tots" for the Thursday evening performance, and attracted much attention.

The Tropico Feed and Fuel Company wants everybody to bear in mind that from now on to the first of October its store will close at noon on Saturdays.

Mr. and Mrs. Frank D. Webster of Blanche avenue are having the pleasure of entertaining Mr. and Mrs. R. L. Webster of Sheridan, Wyoming. The two Websters are brothers.

The meeting of the Woman's Missionary Society of the Presbyterian church at the home of Mrs. G. W. Elder last Thursday was enjoyable and profitable. A profusion of roses made the Elder home beautiful and fragrant. Mrs. Marsh led the meeting, the topic being the Freedmen. Mesdames Rider and Ludden reported talks relative to the negroes which were made at the recent Missionary Convention in Pasadena which they attended. Light refreshments were served.

Mr. and Mrs. A. W. Collins of 52nd and 7th avenue, Los Angeles, were guests of Mr. and Mrs. E. J. Morgan one day last week. Mr. Collins is quite feeble and Mr. Morgan brought him and Mrs. Collins out in his automobile. Mr. Collins would have been glad to see some of his old friends among the veterans but was not equal to the visiting.

REMEMBER, the Tropico Feed & Fuel Company closes Saturdays at noon.

THE FIRST LINE

of your health's defense should be well stocked with high-qualitied meats. That is the only sort of meat-foods we sell. We are awaiting your personal or telephonic order.

O. K. MARKET

H. L. WHALEY

213 S. San Fernando Boulevard

Both Phones: Sunset 1017; Home 1544

Mr. Ralph Newcomb, the aviator, who has many friends here and in Tropico, who has been rebuilding his aeroplane, announces that it will be used for the first time at Venice next Sunday. He has been engaged by Mr. McGowan, manager of the Signal Photo Play Co., for a series of flights which will be filmed.

Disagreeable weather cut down attendance somewhat at the luncheon and all-day meeting of the Woman's Relief Corps last Friday. Covers were laid for about 75 however. The guest list at the afternoon session included Mrs. Lydia T. Woods, department instituting and installing officer, who is a member of the Stanton Corps. The program was quite informal, Mrs. Eustace B. Moore contributing two recitations.

Mr. Ross G. Pidgeon and family of Virginia Place left Tropico last Tuesday for Philadelphia, their old home, where they have many relatives with whom they are anxious to be united.

Mr. E. B. Gorrell and daughter, Miss Nellie Gorrell, have been making their headquarters at Hotel Tropico for the past week while making farewell visits among their friends and making preparations for their journey to Flora, Illinois, where Mr. Gorrell will assume the management of a weekly paper which he recently purchased. Their household goods were shipped last week and they departed Wednesday of the present week, followed by the good wishes of many friends.

Last Monday, for the first time, the editor of the Sentinel inspected Thornycroft Farm. It was an eye opener as she found it a much finer institution than she had at all imagined. Its surroundings are beautiful, its conditions for the recovery of patients ideal, and it is splendidly kept. The Sentinel will be a booster for Thoryncroft from this time on.

Gardena is having a strawberry festival May 4th and 5th.

Tropico's Groceteria had a formal and very successful opening last Tuesday morning at the Tropico Mercantile Store on Central and San Fernando Boulevard. Mrs. Ella Richardson came down with an auto load of roses from her garden with which she proceeded to decorate for the occasion. Mrs. J. Herbert Smith presided at the cashier's desk where she could extend friendly greetings to all who came. Mr. Smith was too busy looking after his Glendale establishment to be present, but his able lieutenants who are managing the store in his absence conducted the opening to the satisfaction of all concerned.

In re food shortage, "Bob" Danner reports that the demand for round steak in which there is little waste on account of the absence of bone, has become so popular that it now rivals the T-bone in price.

If you want to buy anything which the Tropico Feed & Fuel Company handles, remember that its establishment closes at noon on Saturdays.

The Ladies Aid of the Presbyterian church will hold its monthly all-day meeting May 10th.

The Cerritos P. T. A. meets Friday of the present week at 3:30 o'clock.

Herbert C. Hoover, Chairman of the American Commission for Relief in Belgium, who has recently been appointed head of the American Food Board declares that the most important duty of the American public to their allies is to economize on food stuffs. He says: "The food situation is of the utmost gravity. Unless it is solved it may result in the collapse of everything we hold dear in civilization."

Voting for the Carnival Queen is going on steadily at the Cerritos school and at the B. and B. store.

Miss Amy Bowerfind resigned her position in the Cerritos school last Friday. Since that time Mrs. Merritt Ludden has been substituting, but Miss Ruth Morgan is to take the room today, Thursday.

SELL FOR CASH

Tropico, Cal., April 20, 1917.

To Our Customers:

We are taking this means of notifying our customers that on and after Monday, April 23rd, we will operate our stores on a cash delivery basis only.

We have taken this step only after a careful survey of the market conditions as they are at present, and as they are liable to be for some time. We are not pessimistic as to the final outcome, but present conditions are as follows:

The mills of California will not take orders for carloads of grain of any kind. They will sell us only small quantities, such as three to five tons at a time. They demand Net Cash for all their goods and can not tell us when conditions will be any different. It takes today fully 75 per cent more money to finance our business than it did a year ago; this on top of the fact that feeds of all kinds are very much higher than even three months ago, makes it necessary for us to take this step.

We wish you to know that we have valued your past patronage and it is only conditions, with which you are familiar, that make this step necessary now. We hope for your future business and we are positive that this new arrangement will be of mutual benefit.

Thanking you for your co-operation, we are

Sincerely yours,

THE PLAYGROUND CARNIVAL

What portends to be the biggest and best Carnival that has even been staged in Tropico, is now well under way and on Saturday afternoon, May 12, when the Tropico Playgrounds are thrown open to the public in celebration of its Third Annual Carnival, there is going to be something interesting going on every minute of the time from two in the afternoon until the 12 o'clock whistle blows in the evening.

The Third Annual Carnival will be in the form of a fancy dress affair and numerous prizes will be distributed to those who conduct themselves properly. By "properly" is meant that everyone is to have the best time they ever had or suffer the consequences.

In the afternoon the children will hold full sway and some wonderful surprises are in store for all. There will be games, drills, sports and pageants. The complete program has not been announced.

At five o'clock in the evening the ladies will open the doors for service at a cafeteria dinner where all the good things prepared by them will be offered to tempt the hungry. At seven the Tropico Concert Band will hold a concert for which there are several numbers heing arranged aside from the music. At the close of the concert the cement court will become a dance platform and all those who desire may trip the light fantistic to their hearts delight. The band will furnish the music. Around the court will be the "Midway" where the local "venders" will vie with each other to supply your wants, be they large or small. It would not be right to tell all but rest assured you will be busy while you are there.

During the height of the festivities the Confetti Battles will be held. Tin horns galore, squawkers and other noise makers will do their share towards making the night merry.

Every precaution, however, will be made to maintain order and any person attempting to destroy personal property or injure any one will be severely dealt with. You're to have a good time, but don't get too gay.

Committee Chairman.

A LECTURE ON CHRISTIAN SCIENCE

A lecture on the subject of Christian Science was delivered to a large audience in Glendale at the Church Edifice at Second Street and Maryland Avenue Sunday evening, April 29, by Charles I. Ohrenstein of Syracuse, N. Y., member of the Board of Lectureship of the Mother Church, The First Church of Christ, Scientist, in Boston, Mass.

The lecturer was introduced by Mrs. Mittie S. D. Parker, Vice-President of the church.

If God is the all-enabling power, and God is Mind, the operation of this power, must primarily be by way of ideas, thoughts. Who can straighten out his finger or bend it without thought dictating the action? Who can bend it when thought dictates to hold it straight? Try it. Will the hand not do kind things under the impulsion of loving thoughts; will it not do cruel things under the impulsion of contrary beliefs? Will it not do brave, powerful, steady, skillful, efficient things under the direction of confident, intelligent guidance, and trembling, weak, and inefficient things under the impulse of fear? All have experienced this. Is it not a common saying that one is paralyzed with fear? Do not people die of fear? Does any part of the body not reached by thought do anything or feel any way? If it does, how do you know it without thought?

The schools are beginning to recognize, and in some degree to acknowledge, that in Christian Science a light has come into the world, but they are not able to see that it is all light, and that in it is no darkness at all. Theology is beginning to teach an incorporeal God, but not one who is the Spirit that is all Love, too pure to behold iniquity, evil of any kind, to cause it or to permit it. The healing arts are beginning to teach that mind is at least in part cause, but without recognizing that mind is God, good, so never the cause of disease and death, but always the cause of restoration, of health, and of life. They call that mind which is but false education, illusion, suggestion, the ultimate cause of sin, sickness, death. But the human beliefs that still obscure cannot forever hide the true light which shines, and shines unto a perfect day when all shall be illumined by it, and there shall be no darkness, ignorance, illusive suggestion, dis-ease, fear, and so no sin, no disease, no death.

A Word About the Discoverer and Founder

Bringing what she did to the world, —the "pearl of great price," the applicable, demonstrable Christianity of Christ Jesus, which has proved itself such by comforting, reforming, and healing the vast majority of those who have honestly, earnestly studied her books,—Mrs. Eddy has enriched the world beyond all reckoning.

As one who has had the privilege of visiting her home, let me say that all about Mrs. Eddy was of the very simplest. In her the world indeed had a true example of simple living and high thinking. Those who were with her bear loving witness to the fact that she watched, worked, prayed without ceasing, and that she did this for all alike. That this untiring consecration has borne fruit—the fruit of purer, happier, healthier more useful and loving lives —is attested on every hand.

Mrs. Eddy was at times reviled, but she reviled not again. So unmindful of the world was she and so mindful of God, that His thoughts, messages that came and do come with healing and with blessings in their wings, were always her thoughts. Her one prayer was to be God's faithful messenger. The answer to this prayer was certainly vouchsafed to her. Mary Baker Eddy founded a world-wide religion, a religion that is Science, a Science that is Christian and that both heals and saves.

CARNIVAL

Carnival affairs are coming along nicely. The list of babies who will participate in the parade is growing daily, and other features are developing at a corresponding rate.

The Knights and Ladies of Security are to give a fancy drill in costume in front of the grand stand.

Tropico buttons are being sold by enterprising boys and girls and any one who wishes a stock can secure them through Mr. Frank Peters, Chairman of the button committee.

Mr. and Mrs. Henry Lee Brown are building quite a nice house at 400 North San Fernando Boulevard on what is known as the Brown Ranch, where they expect to make their home hereafter.

PROCEEDINGS OF BOARD OF TRUSTEES

The Board met as usual Tuseday evening with all members present and quite an audience assembled for the promised hearing on recommendations embodied in the Water Committee's report last week to call an election to vote bonds in the sum of $55,000 to acquire a water plant.

Communications read by the City Clerk included a letter from the Southern California Gas Company agreeing to stand the expense of repairs to be made by Contractor Schelling on Hill street caused by defective replacement after the laying of gas pipes, which were properly chargable against the Company.

The Baer Judgment

A letter from a collection agency writing on behalf of Mr. Baer appealed to the city to pay the judgment against Mr. Wasson (former Street Superintendent) in the Baer damage suit because Wasson was in the employ of the city at the time judgment was obtained. It was referred to the City Attorney for consideration and reply.

A $1300 Siren

A communication from the Gainville Fire Alarm Company setting forth the merits of a $1300 siren, was referred to the waste basket.

Official Reports

Under the call for official reports Health Officer Mabry submitted the dodgers he had been instructed to prepare advertising "Clean-Up" day, and same were approved by the Board. He also reported that the Blanchards who last week applied for permits to sell milk, had been pasturing their cows on the Tropico reservoir site and endangering the purity of the water supply; that he had notified Glendale official who had promised to expel the cows.

Danger Signs

The Doctor also called attention to Acacia and Brand as a dangerous corner where accidents had occurred and asked that two warning danger signs be placed there. Later in the session the Board voted to instruct the Street Superintendent to place the signs.

Alley Put to Use

The Doctor likewise asked permission to remove two defunct orange trees on a public alley adjoining his property and for the right to convert the alley into a garden. His request was granted.

Fees

Marshal Gould reported six licenses issued during April and total fees of $41.25. Building Inspector reported April fees for building permits $4.50, plumbing fees $11.50, electric wiring $5.11, total $20.11.

Committee Reports

Under committe reports President Peters stated that the drinking cup had been removed from the fountain at Central and San Fernando and water turned on.

Relative to the removal of the Tropico Shelter Station, he stated he had taken the matter up with P. E. officials who had consented to its removal to the Chandler property without a lease on condition that their assistant engineer be notified and be present when the transfer is made.

President Peters also reported the installation of the fire hydrant which the Board had ordered placed on the east side of Glendale avenue between Palmer and Cypress avenue.

Lots for Gardens

Trustee Veselich reported he had secured from Mr. Bancroft permission for the boys of the fire company to use for gardening purposes the lot adjoining the city hall and also two lots across the street. He also stated his understanding that the Water Company is preparing a schedule for summer rates.

The proposed ordinance No. 126 establishing Fire District No. 1 and regulating the erection of buildings therein, came up and on motion of Henry was adopted.

The Water Question

Consideration of the Water Committee's report was called for and Trustees Seal and Veselich urged delay for further investigation and effort to obtain a better figure from Mr. Brand. Expressions of opinion from citizens present were called for and Mr. Lafountain asked for information as to the ownership of the city water and whether the Water Company could give a good title. Trustees Veselich and Seal stated that they were investigating the matter. Trustee Alspach called attention to the fact that the Railway Commissioners are permitting the company to sell water and collect for it which they would not be likely to do if they questioned the company's title to the water.

Mr. Emil Fram made a strong plea for the immediate calling of an election to purchase the plant of the Water Company as he considered the need so urgent that delays were dangerous. Even though the plant may not be worth $55,000 intrinsically, the control of the city's supply and power to furnish it in abundance was, in his opinion, the main consideration. Inasmuch as the system would pay for itself out of its revenues, the price would not materially matter, he thought. The $900 the city is paying annually on its fire hydrant service for which it gets nothing is equivalent to 5 per cent interest on $18000, he pointed out. Purchase would eliminate that expense.

City Engineer Wattles followed with unanswerable arguments against the plan of Trustee Seal for the city to build a new distributing system to parallel the present one, and get its water supply from wells or some other uncertain source. He pointed out that engineer's estimatesof the building cost in 1916 were $48,000 and prices on materials had doubled in the past year. Were the city to sink wells, Los Angeles would at once get out injunctions, he declared, under its water-shed rights, and whether they were eventually sustained or not, they would cut off the use of the water. The sinking of wells would also be expensive. He pointed out that every water user is now connected with the present system and could not easily be persuaded to switch to a paralleling system even on promise of a reduced rate, and the city would find it a long and expensive job to work up patrons for its water plant. On the other hand said he, "if you buy the Water Company's system you would have no competition, you have an immediate revenue producing plant, you save $900 a year immediately on your fire hydrants, which will go a long way towards your upkeep. We ought to have a municipal water system and the only thing to do is to buy the present system and pay what they ask for it. Get it and run it and you will save money, but DO IT NOW." The enthusiastic applause which followed Mr. Wattles' speech clearly showed the sentiments of the audience.

After some discussion the Board by unanimous vote instructed its City Attorney to prepare the necessary papers to vote bonds in the sum of $55,000 "to acquire A Municipal Water Plant."

Eyesores

On receipt of a report from Marshal Gould that two fire gutted buildings on Columbus avenue were worthless except for kindling and in unsafe condition, the City Clerk was instructed to write the owners or agents and request that the structures be taken down.

Columbus Street Improvement

Trustees Henry presented a request from residents of Columbus avenue for some temporary improvement of their thoroughfare from Tenth to Park avenue. Referred to Street Superintendent and City Engineer for investigation and report.

Barbed Wire

Complaints of barbed wire next the sidewalk on Laurel and on Damascus were referred to Marshal Gould with instructions to enfore the ordinance.

Demands

Demands allowed and ordered paid were: State Compensation bond $91.85; Joe McFeeters, street work, $55.00; E. C. Fairfield $40.00; Expense for fire practice $2.50; M. R. Coleman $10.00; City Directory $2.25; So. Calif. Gas Co. $9.38; W. E. Edwards, garbage collection $36.00.

The Board then adjourned.

SCHOOL GARDENS

Professor Kennedy reports that the school gardens are coming on finely, particularly the big potato patch on the ground formerly occupied by the Sunset Nursery. All told, pupils are now cultivating about an acre and a half and from some of the earlier plantings the boys and girls are harvesting radishes and carrots.

Another bit of information which should be generally known is that the Cemetery Association has generously donated all the water the school gardeners were ready to use and will continue to do so.

Buy your feed and fuel supplies early in the week because the Tropico Feed & Fuel closes at noon on Saturdays.

Have you bought a Tropico button?

FIRST CHURCH OF CHRIST, SCIENTIST

Second Street and Maryland Avenue, Glendale

Services Sunday, 11 a. m., Sunday School 9:30 a. m., Wednesday evening Testimony Meeting at 8. Reading Room 415½ So. Brand Blvd., open daily except Sundays and holidays from 12 m. to 4 p. m. The lesson sermon is from the Christian Science Quarterly of Bible Lessons.

Subject May 6, "Everlasting Punishment."

Just before the adjournment of the City Fathers last Tuesday evening, Trustee Seal invited all members of the Board and all citizens present to attend revival services in the gospel tent opposite the City Hall.

Tropico students have won their share of the honors bestowed at Union High always, and last week Miss Eloise Seaman sustained the credit of our city by capturing a special $2.50 prize offered students of the art department for posters to advertise a Colonial tea to be given by the Tuesday Club. Posters made by Ruth Spafford and Cecelia Lyon received honorable mention.

TROPICO ASTONISHED BY MERCHANT'S STORY

A merchant relates the following: "For years I could not sleep without turning every hour. Whatever I ate caused gas and sourness. Also had stomach catarrh. ONE SPOONFUL buckhorn bark, glycerine, etc., as mixed in Adler-i-ka relieved me INSTANTLY." Because Adler-i-ka flushes the ENTIRE alimentary tract it relives ANY CASE constipation, sour stomach or gas and prevents appendicitis. It has QUICKEST action of anything we ever sold.—Edwin Virden, Druggist.

ORDINANCE NUMBER 126

AN ORDINANCE establishing fire districts and making regulations regarding the erection of buildings therein.

The Board of Trustees of the City of Tropico do ordain as follows:

Section 1. A fire district to be known and designated as Fire District No. 1 is hereby created in the City of Tropico and said district shall include all territory included within the following boundaries to-wit:

Beginning at the northeast Corner of Lot seventeen (17) of the Collins Tract as shown on map recorded in Book four (4), page seventy-eight (78) of maps in the office of the Recorder of the County of Los Angeles; running thence westerly along the northerly line of said lot to a point distant 100 feet, measured at right angles, from the west line of the west portion of Brand Blvd.; thence northerly along a line parallel with the west line of the west portion of Brand Blvd. and distant 100 feet, measured at right angles, therefrom, to a point in the southerly line of lot One (1) of Tract No. 1375 as shown on map recorded in Book eighteen (18), page eighty-five (85) of maps in said Recorder's office; thence along the southerly line of said lot One (1) to the southeast corner thereof; thence in a direct line to the northwest corner of lot One (1) of the Rudy Tract as shown on map recorded in Book fourteen (14), page ninety-nine (99) of maps in said Recorder's office; thence easterly along the northerly line of said last mentioned lot to a point distant 100 feet, measured at right angles, from the east line of the east portion of Brand Blvd.; thence southerly along a line parallel with the east line of the east portion of Brand Blvd. and distant 100 feet, measured at right angles, therefrom, to a point in the south line of lot twenty-seven (27) of the Ayers Tract, as per map recorded in Book Eight (8), page 103 of maps in said Recorder's office; thence westerly along the southerly line of said lot twenty-seven (27) to the southwest corner thereof; thence in a direct line to the point of beginning.

Section 2. The Board of Trustees of said City of Tropico may by ordinance from time to time create additional fire districts in said City and such additional fire districts shall be subject to all the provisions of this ordinance unless otherwise provided.

Section 3. It shall be unlawful for any person, firm or corporation to erect or cause to be erected any building, or to make or cause to be made any alterations or enlargement of any building within the limits of any fire district established in said City unless the same are made, erected, altered or enlarged in compliance with the terms of this ordinance.

Section 4. It shall be unlawful for any person, firm, or corporation to build or enlarge, repair or alter any wooden building in any fire district, that has been damaged by fire or otherwise to the extent of thirty per cent or more of its actual value, unless such enlargement, repair, alterations, and other changes shall be made to comply with the terms and provisions of this ordinance and the building when said repairs, alterations or other work is completed shall comply with the terms and provisions of this ordinance. The Building Inspector shall notify the owner or owners of any wooden building in any fire district, which may be damaged by fire or otherwise to the extent of thirty per cent or more of its value, to remove or demolish completely said building, or in lieu thereof, to make such alterations or repairs thereon as will make the said building to conform to the provisions of this ordinance, and the person receiving such notice shall within forty-eight hours after receipt thereof begin the performance of the work required in such notice, and shall deligently prosecute the same to completion.

Section 5. Every building hereafter erected, constructed, altered or enlarged within the limts of any fire district shall have all its outside walls and party walls constructed of brick, stone, reinforced concrete, concrete blocks, or hollow tile, and said walls shall extend from the foundation to the top of, and through, and at least two feet above the roof of such building, and shall be so constructed as to thoroughly separate all the wood work of the exterior and interior of such building from all and every part of the interior or exterior of any adjoining building; and every such wall shall pass through the roof of the building of which it is a part in such a manner as to break entirely any connection of wood whatever between the roof of such building and any other building. The openings for doors or windows, or any purpose, in any of such walls shall have good and sufficient arches of brick, stone, reinforced concrete, concrete blocks, or tile well built and keyed, or lintels of stone, brick or iron. In any fire district all posts and columns of buildings used for stores shall be of incombustible material, the covering of all roofs of buildings shall be of incombustible material and the use of shingled roofs or other form of combustible roof covering is prohibited.

Section 6. No shed, out building or appendage of a building shall be constructed in any fire district unless the enclosing walls thereof are made of brick, stone, or other fire proof material and the roof thereof of tin, corrugated iron or other fire proof composition or material.

Section 7. Any person, firm or corporation violating any of the provisions of this ordinance shall be deemed guilty of a misdemeanor, and upon conviction thereof shall be punishable by a fine of not more than Three hundred ($300) Dollars or by imprisonment in the county jail of the county of Los Angeles for a period of not more than three months, or by both such fine and imprisonment.

Section 8. The city clerk shall certify to the passage of this Ordinance, and shall cause the same to be published once in the Tropico Interurban Sentinel, a weekly newspaper published and circulated in said City.

Passed by the Board of Trustees of the City of Tropico and approved at their regular meeting held on the 1st day of May, 1917.

FRANK E. PETERS,
President of the Board of Trustees.

I hereby certify that the foregoing Ordinance was introduced before the Board of Trustees of the City of Tropico at their regular meeting held on the 24th day of April, 1917, and was duly passed by said Board at their regular meeting held on the 1st day of May, 1917, by the following vote, to-wit:

AYES: Trustees Alspach, Henry, Seal, Veselich and Peters.
NOES: None.
ABSENT: None.

WITNESS my hand and the seal of said City this 1st day of May, 1917.

(Seal) MARGARET R. COLEMAN,
Clerk of the City of Tropico.

NOTICE OF DISSOLUTION

Announcement is made of the retirement of Frank D. Peters from the real estate firm of Davenport and Peters. Mr. Davenport will conduct the business alone.

FOR EXCHANGE: Ladies gold watch with diamond setting, Elgin movement. Want household furniture. Address Y Sentinel office.

The End of the World.

Although our earth cannot in any vital sense last longer than the sun, it may last less long for intrinsic cause. Life is dependent not only on the sun, but on the presence of air. Now, the earth's air is going slowly, but surely, evaporating into space. If it all goes before the sun becomes exfinct the earth's surface life will lapse while the sun still shines. Both processes the evaporation of the air and the cooling of the sun will require long eras of time, but the second process will be much the slower of the two. So we may expect the last inhabitants of the earth to die of lack of breath rather than from want of warmth.—Percival Lowell.

Different Now.

"He seems to be quite a big man in politics now. I suppose he has got over his old habit of stooping for bribes."

"Oh, yes. They hand them up to him now."—Puck.
